PROVEN, PREDICTABLE, WINNING GENETICS! That is what you get with KING MEYER. There is no guesswork here; this mating has power in its royal BLOOD. When you combine the two most proven maternal pedigrees in the industry, the results are royalty. KING MEYER was the star of the 2008 Frozen Gold Sale, selling sexed semen for an average of \$335 per straw. KING MEYER, along with his flush sisters Miss USA—the winningest Meyer daughter in history—and Miss America, are simply in a class by themselves and ensure what you can expect. This is your opportunity to purchase Royalty. Why pay for Meyer when you can depend on the new "KING MEYER"!
